

ACCU•STRIKE™ PRO STABILIZER

AG826B2

The ACCU•STRIKE™ PRO stabilizer is constructed from an advanced blend of rubber and composite material, while the CROSS•FOIL design reduces vibration in your bow and dampens your noise signature when the time comes to let the arrow fly.

- Innovative CROSS•FOIL dampening fin design.
- Advanced blend of rubber and composite material.
- Rubber isolated stainless steel weighting system.
- Engineered for performance hunting bows.
- Length: 6 in.
